**RE: Case # 20SN0596 Verizon Wireless “Long Meadow” CUP Application**

Dear Neighbor,

On behalf of Cellco Partnership d/b/a Verizon Wireless, we invite you to a virtual community meeting on **August 25, 2020 at 6-8 p.m.** We will present information about a proposed wireless facility at 14131 Happy Hill Road, Chester, VA 23831 and answer your questions. Verizon Wireless has submitted a Conditional Use Permit Application to construct a wireless facility consisting of a one hundred and fifty foot (150') tall monopole with flush-mounted antennas and related equipment. This facility is proposed for Tax Map Parcel 7946445830, which is an 11.12 acre parcel owned by Dennis W. and Crystal E. Watson. This project was originally introduced in 2018 but was placed on hold, and the new application is for the same location with the same design as previously proposed.

To register for the Zoom meeting, please visit this website:

During the presentation, you will be able to submit questions through the chat room. County staff and Verizon representatives will answer your questions at the conclusion of the presentation.

Throughout the zoning review process, we are available to discuss the project by telephone. I can be reached at [LSchweller@williamsmullen.com](mailto:LSchweller@williamsmullen.com) and 434-951-5728.

We look forward to hearing from you.

Sincerely,

*Lori H Schweller*
